7.1.2.1	Almería	137

In such a difficult year, our ports have been essential for business and the population as a whole

Jesús Caicedo Bernabé
President of the Almería Port Authority

The year 2020 was exceptionally difficult. The COVID-19 pandemic left its mark on our lives and inevitably affected the life of the Port Community. In common with ports throughout Spain and the rest of the world, the activities of the state-owned ports of Almería and Carboneras have been modified by the measures adopted by the various public administrations in their efforts to control the pandemic.

The restrictions applied to the freedom of movement of individuals by the majority of governments since mid-March last year have been a serious setback, particularly with respect to passenger traffic, one of the main activities of ports such as Almería, currently the second in Spain for passenger crossings under Operation Strait of Gibraltar Passage.

The Port of Almería, which began 2020 with an encouraging increase in passengers (more than 10%), saw its expectations shattered with the onset of the pandemic, closing the year with 86.7% fewer passengers than in 2019. A combination of the cancellation of Operation Strait of Gibraltar Passage, and the restricting of ferry services with the north of Africa to

practically ro-ro goods transport only, resulted in a balance of 127,008 passengers, compared to 957,975 the previous year.

Freight volume dropped by 14%, producing a negative balance. However, this decrease is not the result of pandemic control measures; rather, it reflects the stoppage of the activity of the Endesa Thermal Power Station at Carboneras and the consequent cancellation of coal imports, as well as fewer cement exports from Carboneras. In total, the ports managed by the APA handled close to 5 million tonnes of goods.

Moreover, if we exclude the negative data from the Port of Carboneras, overall performance was positive, especially in the commercial harbour at Almería, which showed growth of 5.66%, with more than 2.97 million tons. Exports of gypsum, rolled products, general container goods, and agri-food and agricultural supply industry products were the greatest contributors to this increase.

In such difficult times, our ports have shown, more than ever, that they are part of the critical infrastructure and play an indispensable role in gua-

ranteeing the supply chain, enabling companies to continue to operate, and ensuring the supply of goods to the population.

Y es que, en unos tiempos tan difíciles como éstos, nuestros puertos han demostrado, como nunca, que son unas infraestructuras imprescindibles y esenciales a la hora de garantizar la cadena de suministro para que las empresas puedan seguir funcionando, así como para asegurar el abastecimiento de bienes a la población.

Works and projects

The year 2020 was also a productive year in terms of works and projects, which are already and will doubtless continue contributing to the upgrade and expansion of the port's services, and will help us to emerge stronger from the current crisis.

Among other completed actions are the dust-control barriers at the Port of Carboneras; anchorage for small fishing boats at the Port of Almería; adaptation of docks for the supply of liquefied natural gas to ships; the heavy vehicle terminal; and the extension of the access point into the port from the Pescadería district of Almería.

Likewise, a definitive boost was given to projects such as the extension of the Pechina Quay and the connection with the Outer Dock; the photovoltaic plant at the Maritime Station; the lighthouse at Mojácar; the new headquarters for the Port Police, the Civil Guard, the National Police and other groups; and the Second-Sale Fish Centre. Projects currently being drafted are the project for the expansion and adaptation of the Levante Quay for cruise ships and the environmental recovery of the Almadrabillas seafront, a study fundamental to the development of the City-Port and spearheaded by the creation of a pedestrian walkway on the "English Cable" structure.

Acknowledgements and support to the Port Community

None of the achievements and current projects would have been possible without the work and dedication of the Port Authority staff, and the contribution of the people and organisations that make up the wider Port Community, all of whom have managed to keep our ports active in the face of adversity. From the moment the pandemic was declared, therefore, the

APA put in place a series of support measures – longer deadlines for tax collection, shorter deadlines for payment of invoices to suppliers, reduction of certain duties – to help customers and suppliers cope with the fallout from the battle against Covid, a battle in which we have relied on the invaluable assistance of the Military Emergency Unit and the Legion in the disinfection of port facilities.

And to complete this brief assessment of 2020, I would like to especially remember J. Daniel Pérez Williamson, our friend Dani, who passed away in August but left an indelible mark, for his human qualities as well as his extraordinary work as consultant director for the shipping agent company J. Ronco y Cía, and as a member of the board of directors of the APA.

1.1 COMPOSITION OF THE BOARDS OF DIRECTORS

1.1.1 BOARD OF DIRECTORS

- **D. Jesús CAICEDO BERNABÉ**
THE PRESIDENT OF THE PORT AUTHORITY OF ALMERIA AND THE BOARD OF DIRECTORS.
- **D. Jose ARANDA VASSEROT**
THE ALMERIA HARBOUR MASTER.
- **D. Rafael MERINO LÓPEZ**
MANAGING DIRECTOR OF THE EMPRESA PÚBLICA DE PUERTOS DE ANDALUCIA.
- **Dña. Mª Dolores DOMINGUEZ HUELIN**
REPRESENTATIVE OF THE STATE ADMINISTRATION
CHIEF PUBLIC PROSECUTOR IN ALMERIA.
- **D. Magec MONTESDEOCA GONZÁLEZ (UNTIL 20-10-19)**
REPRESENTATIVE OF THE STATE ADMINISTRATION
ENTE PUBLICO PUERTOS DEL ESTADO.
- **D. Armando LÓPEZ RODRÍGUEZ (FROM 20-10-19)**
REPRESENTATIVE OF THE STATE ADMINISTRATION
ENTE PUBLICO PUERTOS DEL ESTADO.
- **D. Manuel DE LA FUENTE ARIAS**
REPRESENTATIVE OF THE STATE ADMIN. IN ALMERIA.
ASSISTANT GOVERNMENT DELEGATE IN ALMERIA.
- **D. Manuel GUZMÁN DE LA ROZA (UNTIL 20-04-01)**
REPRESENTATIVE OF THE CITY COUNCILS. COUNCILOR OF THE DELEGATED AREA OF
SECURITY AND MOBILITY OF THE ALMERIA CITY COUNCIL
- **Dña Ana María MARTÍNEZ LABELLA (FROM 20-04-01)**
REPRESENTATIVE OF THE CITY COUNCILS. COUNCILLOR FOR URBAN PLANNING AND
DEVELOPMENT OF THE ALMERIA CITY COUNCIL
- **D. José Luis AMÉRIGO FERNÁNDEZ (FROM 09-19-19)**
REPRESENTATIVE OF THE CITY COUNCILS.
MAYOR-PRESIDENT OF CARBONERAS. CITY COUNCIL (ALMERIA).
- **D. David SILES JUÁREZ**
REPRESENTATIVE OF THE TRADE UNION ORGANISATIONS - THE GENERAL WORKERS'
UNION IN ALMERIA.
- **D. Antonio VALDIVIESO MONTES**
REPRESENTATIVE OF THE TRADE UNION ORGANISATIONS - WORKERS' COMMISSIONS IN
ALMERIA.
- **D. Francisco ALBACETE PÉREZ (FROM 20-12-03)**
REPRESENTATIVE OF THE BUSINESS ORGANISATIONS IN ALMERIA - ASEMPAL.
- **D. Eduardo LOPEZ GODOY**
REPRESENTATIVE OF THE BUSINESS ORGANISATIONS IN ALMERIA.
THE OFFICIAL CHAMBER OF COMMERCE, INDUSTRY AND SHIPPING IN ALMERIA.
- **D. Álvaro FRANCO UGIDOS**
REPRESENTATIVE OF THE ECONOMIC SECTORS WHICH ARE MOST RELEVANT TO PORT
ACTIVITIES - ASEMPAL. AND EQUAL DELEGATE OF THE GOVERNMENT IN ALMERIA.
- **Dña. Mª Isabel SÁNCHEZ TORREGROSA**
FREELY APPOINTED REPRESENTATIVE OF THE REGIONAL MINISTRY OF PRESIDENCY
AND EQUAL DELEGATE OF THE GOVERNMENT IN ALMERIA.
- **Dña. Eloísa Mª CABRERA CARMONA**
FREELY APPOINTED REPRESENTATIVE OF THE BOARD OF PRESIDENCY OF THE JUNTA DE
ANDALUCIA. TERRITORIAL DELEGATE OF PROMOTION, INFRASTRUCTURE AND LAND
MANAGEMENT IN ALMERIA.
- **D. Juan Manuel REYES LOZANO**
DIRECTOR OF THE PORT AUTHORITY.
- **D. José Manuel SÁNCHEZ DEL AGUILA RUBIO**
HEAD OF THE SECRETARY'S DEPARTMENT OF THE PORT AUTHORITY OF ALMERIA AND
SECRETARY OF THE BOARD.

1.1.2 ALTERNATE BOARD MEMBERS

- **D. Diego ANGUÍS CLIMENT**
REPRESENTATIVE OF THE PUBLIC AGENCY: PUERTOS DE ANDALUCIA.
- **Dña. Ana María MARTÍNEZ LABELLA (UNTIL 20-04-01)**
REPRESENTATIVE OF THE ALMERIA CITY COUNCIL.
- **Dña María Sacramento SÁNCHEZ MARÍN (FROM 20-04-01)**
REPRESENTATIVE OF THE ALMERIA CITY COUNCIL.
- **D. Ramón SOLO CARRILLO**
REPRESENTATIVE OF THE CARBONERAS CITY COUNCIL.
- **D. Francisco José MORA SILVA**
REPRESENTATIVE OF THE THE GENERAL WORKERS' UNION
- **D. Pedro TUDELA ASENSIO (UNTIL 20-12-22)**
REPRESENTATIVE OF THE TRADE UNION ORGANISATIONS - WORKERS' COMMISSIONS
- **Dña María Isabel FLORES HERNÁNDEZ (FROM 20-12-22)**
REPRESENTATIVE OF THE TRADE UNION ORGANISATIONS - WORKERS' COMMISSIONS
- **D. Ernesto CASTILLA MORALES (UNTIL EL 20-12-03)**
REPRESENTATIVE OF THE BUSINESS ORGANISATIONS
- **D. Arturo CRUZ NIETO (FROM 20-12-03)**
REPRESENTATIVE OF THE BUSINESS ORGANISATIONS
- **Dña. Encarnación GIL SERRA**
REPRESENTATIVE OF THE MOST RELEVANT ECONOMIC SECTORS IN THE PORT

1.2 LIST OF PERSONNEL OF THE PORT AUTHORITY OF ALMERIA

1.2.1 TOP MANAGEMENT

NOMBRE	CARGO
Caicedo Bernabé, Jesús	Chairperson

1.2.2 PERSONNEL NOT IN COLLECTIVE AGREEMENT

NOMBRE	CARGO
Reyes Lozano, Juan Manuel	Director
Bayo Martínez, Antonio	Head of Planning Department
Martínez Rubí, Juan Bautista	Head of Financial Department
Sánchez del Águila Rubio, José Manuel	Head of Secretarial Department
Guarnido Rueda, M ^a Ángeles	Head of Operation and Conservation Department
García Morales, Carmen	Head of Human Resources Department
Andújar Arias, César	Head of the Design and Build Division
Cuesta Durbán, José Antonio	Head of the Commercial Division
Molina Hernández, Juan	Head of Health and Safety & Risk Prevention
Almansa Sáez, Francisco Javier	Head of Conservation Division
Hernández Gómez, José Antonio	Head of Economic-Financial Division
García Pérez, Francisco	Head of Shopping Unit
Rodríguez Ibáñez, Jesús	Head of Operations and Port Services
Cerezuela García, Francisca Elena	Chairperson's Secretary

1.2.3 PERSONNEL IN COLLECTIVE AGREEMENT

NOMBRE	CARGO
Abellán Arenas, Rubén	Port Police
Aguilera Cortés, Francisco César	Port Police
Aparicio Maldonado, José Luis	Port Police Team Leader
Bueno Carrasco, Manuel	Port Police Team Leader
Campos Daroca, Eduardo	Technical Port Operations and Services
Carro Gallardo, Beatriz	General Office Worker
Cortés Amador, Gabriel	Construction and Maintenance Officer
Cruz López, José Ramón	Construction and Maintenance Officer
Cruz Ramos, Rafael	Construction and Maintenance Officer
De la Iglesia Alonso, Jesús	Port Police
Díaz Galindo, David	Port Police
Díaz Silvente, Juan Antonio	Technical Port Operations and Services
Doucet López, José Luis	Technical Environment
Escánez Carrillo, Ana María	Economic-Financial Technician
Escobar Gomiz, Ramón	Construction and Maintenance Officer
Estrada Alonso, Julio	Port Police

1.2.3 PERSONNEL IN COLLECTIVE AGREEMENT

NOMBRE	CARGO
Estrada Matarín, José Antonio	Port Police
Estrada Muñoz, Antonio	Technical Customer Service
Fernández Luque, Diego Armando	Port Police
Fernández Medina, Vicente	Port Police Team Leader
Fernández Quesada, Francisco	Port Police Team Leader
Fernández Rodríguez, Raúl	Port Police
Fernández Sevilla, Juan	Maintenance Team Leader
Galdeano Martín, Raúl	Port Police
Galera García, Javier	Port Police
Gallardo Torres, Antonio	Public Domain Technician
Gálvez Ruiz, Carmen	General Office Worker
Gálvez Ruiz, Irene	Head of Port Police Service
García Cañadas, Francisco Javier	Head of Port Police Service
García García, José Miguel	Port Police
García Martínez, Juan Manuel	Construction and Maintenance Officer
García Mesa, José	Port Police Team Leader
García Romero, Francisco Javier	Port Police
Gelado Rubio, José Javier	Port Police Team Leader
Gil Consentino, María del Pilar	Port Police
Godoy Gallardo, M ^a Teresa	General Office Worker
Gómiz García, Francisco Javier	Port Police Team Leader
Góngora Muñoz, Dolores Carmen	General Office Worker
González Expósito, Luis Ángel	Construction and Maintenance Officer
González Guzmán, Francisco Amador	Human Resources and Organisation Manager
González Jiménez, M ^a Ángeles	Invoicing Administrator
González Martín, Sergio Javier	Construction and Maintenance Officer
Granados Guerrero, Beatriz	General Office Worker
Gutiérrez del Águila, Manuel Jesús	Navigational Aid Systems Technician
Gutiérrez Yelamos, Juan Enrique	Port Police
Guzmán González, Jorge	Port Police
Hermoso Giménez, Brígido	Port Police Team Leader
Hernández Berenguel, Antonio Javier	Port Police
Hernández Ortiz, Víctor	Port Police
Ibáñez Hervilla, Manuel	Construction and Maintenance Officer
Jiménez Ruiz, Joaquín	Head of Port Police Service
Jorge Sanz, Jesús Pedro	Navigational Aid Systems Technician
Lázaro Cortes, Agustín	Port Police Team Leader

1.2.3 PERSONNEL IN COLLECTIVE AGREEMENT

NOMBRE	CARGO
Lázaro Cortes, José Blas	Construction and Maintenance Officer
Lirola Aguilera, Dolores	General Office Worker
López García, José M.	Port Police Team Leader
López Romano, Gustavo	Port Police
López Sánchez, Juan José	Port Police
Lozano Ferrer, Miguel	Port Police
Martínez Gutiérrez, Armando	Navigational Aid Systems Technician
Martínez López, Miguel Ángel	Port Police
Martínez Vargas, Víctor	Port Police
Medialdea Pérez, Miguel	Port Police
Medialdea Pérez, Ángel	Construction and Maintenance Officer
Medina Capel, Juan Pedro	Port Police
Medina Sánchez, Francisco Jesús	Port Police
Montilla Rodríguez, María Luisa	Invoicing Technician
Montoya González, José	Construction and Maintenance Officer
Montoya Ponce, José M ^a .	Port Police Team Leader
Mora Silva, Francisco J.	Head of Port Police Service
Moreno César, Juan Manuel	Port Police
Navarro Sánchez, Eva M ^a	Public Domain Worker
Ortega García, Inés	General Secretarial Office Worker
Ortiz Asensio, Alfredo	Port Police
Ortiz Úbeda, Ignacio	Port Police
Padilla García, Francisco	Construction and Maintenance Officer
Padilla García, José	Head of Port Police Service
Padilla Hernández, José Ramón	Port Police Team Leader
Pardo Espinosa, Francisco Javier	Port Police
Pinel Rosario, Luis Carlos	Information and Communica. Systems Technician
Quero Gil, Cristian	Technical Port Operations and Services
Medina Sánchez, Francisco Jesús	Port Police
Reyes Giménez, José María	Construction and Maintenance Officer
Roca López, José Luis	Construction and Maintenance Worker
Rodríguez Lirola, Francisco G.	Port Police Team Leader
Rodríguez Martínez, Maximiliano	General Office Worker
Salmerón Cantón, Pedro	Invoicing Manager
Sánchez Fernández, Guillermo	Port Police Team Leader
Sanz Cruz, Mario	Navigational Aid Systems Technician
Serrano Alonso, Carlos Germán	Port Police Team Leader
Serrano Alonso, Manuel Alejandro	Head of Port Police Service
Serrano Rubio, Rafael	Prevention of occupational hazards Manager

1.2.3 PERSONNEL IN COLLECTIVE AGREEMENT

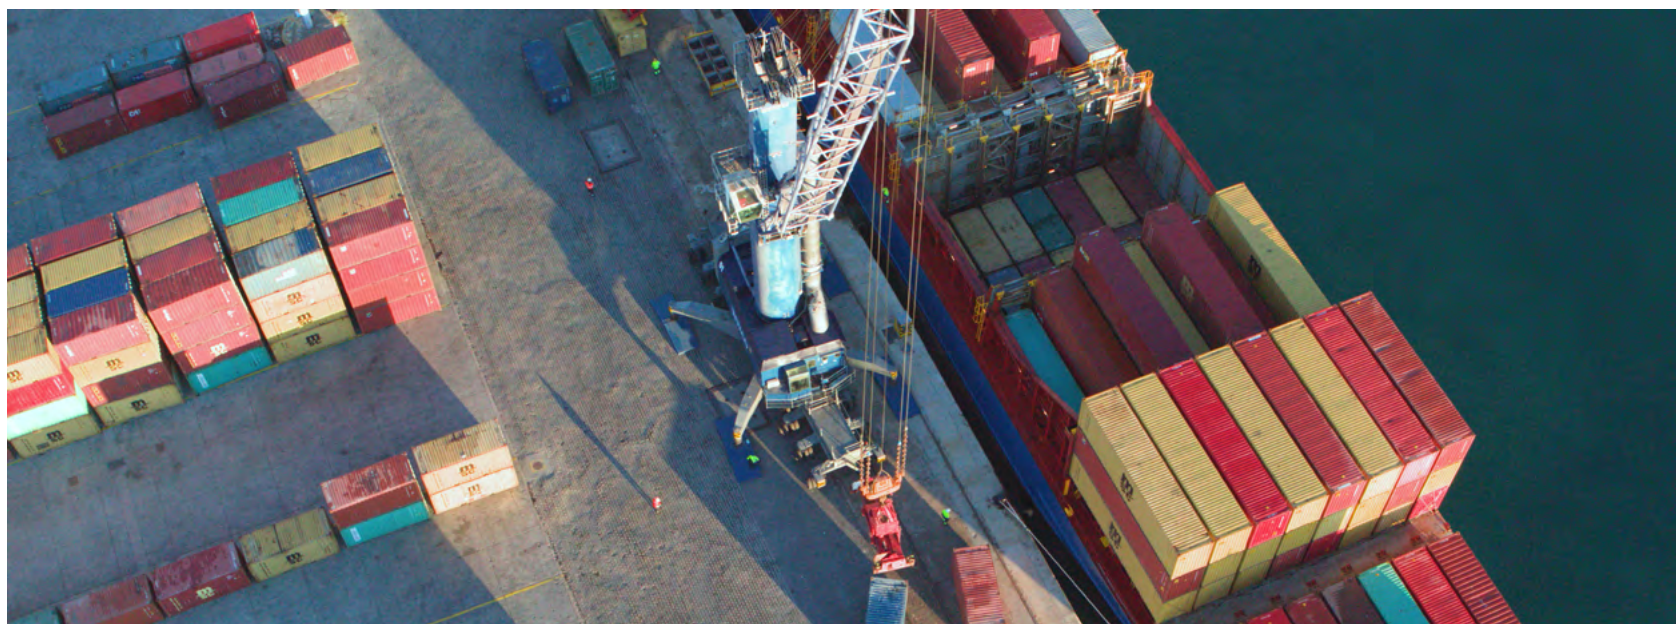

NOMBRE	CARGO
Siles Juárez, David	Head of Port Police Service
Soriano Sánchez, Manuel	Head of Maintenance Officer Service
Stabile Bibbo, Julio Marcelo	Construction and Maintenance Officer
Tamayo Carreño, Antonio Miguel	Maintenance Manage
Torres Acacio, Francisco Javier	Port Police
Tudela Asensio, Pedro	Port Police
Valdivia Escos, Domingo	Port Police
Ventura Álvarez, Luís Francisco	Port Police
Vilches Jiménez, Jaime	Port Police
Yanguas Flores, Pedro Dimas	Maintenance Team Leader
Yanguas González, Arturo Jesús	Port Police
Zamora Frías, Ascensión Eva	General Office Worker
Zea Gandolfo, Antonio	Navigational Aid Systems Supervisor

1.2.4 PERSONNEL IN TEMPORARY AGREEMENT

NOMBRE	CARGO
Artacho Piedrafita, Alejandro	Maintenance responsible
Ayala Sánchez, Maria del Carmen	Support services
Carmona Aguilera, Juan	Port Police
Díaz Hernández, Juan Jesús	Navigational Aid Systems Technician
Estrada Jiménez, José Javier	Construction and Maintenance Officer
Fernández Valero, Isabel María	Port Police
García Aguilera, Noemí	Port Police
García Barón, José Ángel	Economic-Financial Technician
López Arcos, Miguel	Port Police
López Ferres Francisco Miguel	Construction and Maintenance Officer
López Moreno, Juan Carlos	Port Police
López Visiedo, Joaquín	Economic-Financial Technician
Lozano Ferrer, Gabriel	Port Police
Martín Martínez, Maria Eugenia	Human Resources and Organization Technician
Montoya Ponce, Maria Rosa	Support services
Ortega Miras, Ismael	Port Police
Silva Fortes, Javier	Port Police
Valdivia Sáez, Alberto Domingo	Port Police
Vera Delgado, José María	Support services

MANAGEMENT REPORT 2020

1. Freight volume statistics

The total volume of freight handled by ports managed by the Almería Port Authority (APA) in 2020 dropped by 14.41% over the previous reporting year, recording 4,826,710 tonnes compared to the 5,639,396 tonnes recorded for 2019.

The Port of Almería increased its freight volume by 5.66%, from 2,817,561 tonnes in 2019 to 2,976,986 tonnes at the end of 2020. Dry bulk volume grew by 5.33 %, with increases in practically all commodities. The most notable increases were recorded for cement and cement clinker, at 237,372 tonnes; gypsum, at 1,342,949 tonnes, registering an increase of 3.37%; and dry bulk fertiliser, in excess of 67,000 tonnes, showing an increase of 7.09% over the previous year.

General freight volume was up by 10.33 % on the previous reporting year, and in many areas. Among the most significant increases were steel products, up by 12.74%; food products, rising from 125,894 tonnes in 2019 to 149,778 tonnes in the present reporting year; construction materials, up from 104,412 tonnes in 2019 to 187,107 tonnes last year; and ro-ro freight volume, up by 1.19% from 646,827 tonnes in 2019 to 654,554 tonnes in 2020.

At Carboneras, freight volume dropped by 34.45%, from 2,821,835 tonnes recorded for the previous reporting year to 1,849,724 tonnes in 2020. The most significant variations are detailed in the paragraphs that follow.

The Port of the Endesa Thermal Power Station Thermal received no freight during 2020. On 27/12/2019, Endesa lodged a formal application to close the coal-fired thermal power station at Carboneras (Almería) with the Ministry for Ecological Transition, leading to a drop in freight volume of 1,084,870 tonnes over the previous year.

The volume of freight handled by the Port of LafargeHolcim dropped by 11.77% over the previous reporting year, from 554,744 tonnes in 2019 to 489,473 tonnes in 2020, as a result of reduced volumes of cement and cement clinker, and gypsum, recording decreases of 11.32% and 34.21%, respectively.

The Ribera I Quay, managed directly by the Port Authority, registered a 7.19% increase in freight volume, rising to 1,041,518 tonnes compared to the 971,616 tonnes recorded for 2019. Dry bulk volume was up 1.94% overall, with increased volumes of gypsum (+18.38%) and slag (+78.43%), and reduced volumes of China clay/feldspar (-33.87%) and petroleum coke (-64.01%). Liquid bulk volume increased by 105.5% with biodiesel and biodiesel blends.

The Ribera II Quay, affected by the closure of the Endesa Thermal Power Station, handled 318,733 tonnes in exclusive coal freight for distribution to thermal power stations located at Mediterranean ports, an increase of 108,128 tonnes over the previous year. Unless alternative freight can be found for the facility, the reduced volume of coal being handled by this facility will be a significant loss for this quay.

The most drastic decrease was recorded for the volume of passengers travelling through the Port of Almería. As a result of the effects of the COVID-19 pandemic, only 127,008 passengers passed through the port in 2019, compared to 957,975 the year before, a drop of 86.74%.

The number of cruise ships that called at the port in 2020 was 2, compared to 25 during the previous reporting year, due to the freedom of movement restrictions imposed by the pandemic.

Unsurprisingly, passenger vehicle freight volume was similarly affected, recording a drop of 86.79%, from 226,259 passenger vehicles in 2019 to just 29,887 in 2020.

MANAGEMENT REPORT 2020

The number of vessels entering ports managed by the Almería Port Authority during the present reporting year was 1,225, compared to 2,135 the previous year, showing a drop of 42.62%. At Almería, the number of ships decreased by 46.71%, from 1,933 in 2019 to 1,030 in 2020. At Carboneras, the number of ships decreased by 3.47%, from 202 in 2019 to 195 in the present reporting year.

The tonnage of fish landed during 2020 was 3,915 tonnes, compared to 4,164 tonnes the previous year, representing a decrease in catch of 5.98%. Provisioning of ships was down 48.14% on the previous year, from 77,847 tonnes in 2019 to 40,372 tonnes in 2020.

2. Financial results

The financial results at the close of the 2020 financial year showed a negative operating profit of -1,064,743.10 euros compared to the positive operating profit of 2,115,793.24 euros recorded for the previous reporting year. The accumulated net turnover and other operating income of the ports managed by the Port Authority was 13,261,810.57 euros, compared to 17,135,673 euros for the same period of the previous reporting year, indicating a decrease of 22.61%. The Port of Almería represents 67.78% of the total net turnover, Lafarge-Holcim 10.83%, the Ribera I Quay managed by the Port Authority 7.06%, Ribera II Quay 3.73%, and the remaining concessions at Carboneras 1.91 %.

The total net turnover and other operating income for the Port of Almería was down 28.48%, from 12,568,156.13 euros in 2019 to 8,988,200.43 euros this year, mainly due to the 87.51% decrease in passenger duties, the source of income most affected by the COVID-19 pandemic, amounting to a loss of income of 4,332,987.94 euros. Worthy of special note are the increases in ship and cargo duties (28.04% and 8.43%, respectively), both of which have performed well despite the pandemic crisis.

At Carboneras, the decrease in the net turnover and other operating income was 6.43%. Net turnover and other operating income for the port of the Endesa Thermal Power Station decreased by 21.30%, from 1,466,580.11 euros in 2019 to 1,154,231.97 euros in 2020, due to the stoppage and subsequent closure of the power station and the resulting decrease in coal freight, producing a reduction in revenue of some 300,000 euros compared to the revenue obtained by the port in 2019. The net turnover for LafargeHolcim decreased by 3.6%, from 1,849,593.85 euros in 2019 to 1,436,029.99 euros the following year. The reduced volumes of cement and cement clinker handled by the port had a negative impact on ship and cargo duties, which were reduced by 15.59% and 11.77%, respectively. The direct management of the Ribera I Quay by the Port Authority resulted in a 12.14% increase in revenues to 936,747.26 euros in 2020, compared to 834,438.83 euros in 2019. The Ribera II Quay concession granted to Endesa recorded a 9.58% increase in net turnover over the previous reporting year, going from 451,446.54 euros in 2019 to 494,686.37 euros in 2020. The net turnover of the remaining concessions at Carboneras was down on the previous year, from 325,457.71 euros in 2019 to 252,914.55 euros in 2020.

Operating expenses, at 4,630,771.94 euros compared to 5,114,242.10 euros in 2019, were reduced by 9.45 euros over the previous year, and by 22.25% when compared with the budget approved for the present reporting year.

The costs of upkeep and repairs were 458,711.89 euros, indicating a reduction of 7.03%. The services of independent professionals incurred costs of 209,448.51 euros, 22.02% more than in 2019. Utilities and consumption costs dropped by 18.76%, from 878,858.07 euros in 2019 to 713,955.05 in the present reporting year. This is due in part to reduced consumption of drinking water: repairs carried out to sections of pipework in poor condition have considerably reduced the volume of water lost through leakage. Likewise, the consumption of electrical energy has also been reduced as a result of a policy to replace the existing LED lamps in the facilities with energy-efficient light bulbs. The reduced activity of the port as a result of the COVID-19 pan-

MANAGEMENT REPORT 2020

demic has also had an impact. The “Other external services” item decreased by 0.58% over the previous reporting year, going from 1,089,127.97 euros to 1,082,785.39 euros in 2020. Taxes paid in 2019 amounted to 597,643.01 euros, rising by just 0.22% over the previous reporting year. The provision for bad debts was 180,717.87 euros, higher than that recorded for the previous reporting year. Notably, vessel-generated waste collection costs (MARPOL) were reduced by some 341,000.00 euros, 48.35% lower than those recorded for 2019.

The contribution to the National Port Authority of 4% of harbour dues dropped to 523,369.47 euros in 2020, showing a decrease of 4.38% over the previous reporting year.

The contribution to the Inter-port Compensation Fund was 410,000.00 euros in 2020, reflecting a decrease of 4.65% over the sum paid in 2019.

Personnel expenditure of 5,070,627.02 euros was 1.55% lower than those recorded for the previous year.

Financial expenditure in 2020 was 203,055.13 euros, including 176,135.47 euros of long-term accrual adjustments; 23,553.29 euros of penalty interest as a result of accretion of provisions and other liabilities; and 80.80 euros in interest and other financial expenses. The variation from the financial expenditure for the previous reporting year is mostly attributable to the smaller amount assigned to accretion of provisions.

The overall results for the 2020 reporting year indicate a loss before tax of -1,250,646.32 euros, compared to the profits of 1,913,269.55 euros recorded in 2019. The adjustment for the corporate income tax effect will reduce the losses by 604,757.94 euros, producing a final result for the year of -645,888.38 euros.

3. Financial conclusions

The indices applied show positive values, leading us to conclude that short-term liquidity or solvency is excellent, with sufficient current liquid assets (working capital) to comfortably respond to current liabilities payable in the short term. The assurance the entity offers to third parties is that of a financially sound company with sufficient assets to cover the entirety of its debts.

The Port Authority presents a satisfactory balance sheet, as demonstrated by the solvency of its revolving fund (current assets-current liabilities), which is within generally accepted limits in relation to the company's assets.

The entity enjoys full financial autonomy, with net assets standing at 79.99%, comfortably exceeding the recommended minimum of 65% with respect to the sum of assets and liabilities.

The percentage of short-term debt, at 3.86% of the sum of the assets and liabilities, is proportionate and within reasonable limits.

The burden of long-term debt, in relation to total financing, is within the recommended limits at 17.52%. The total amount of debt, both short- and long-term, stands at 20.00% and does not therefore exceed the recommended maximum of 35% of own capital and liabilities. This “increase” in long-term debt is due to the application of corporate tax criteria, to which the Port Authority is subject from 2020, not partially exempt as previously. This means that, according to the tax effect of capital subsidies, 25% of the total of these capital subsidies is considered a deferred tax liability, which would be included in non-current liabilities.

The key figures used to prepare this report, and their evolution in relation to those of the previous reporting year, are expressed numerically below.

MANAGEMENT REPORT 2020

SHORT-TERM LIQUIDITY OR SOLVENCY RATIO				2020	2019
Current Assets	=	16,290	=	3.56	3.01

4. Investment information

The budget approved for investment in construction works and equipment during the 2020 financial year was 5,579,000.00 euros.

At 31 December 2020, works were certified and inventoriable assets acquired to a value of 3,976,863.68 euros, corresponding to 71.28 % of the approved Investment Plan.

The most significant initiatives implemented during the 2020 financial year are shown in the table below:

INVESTMENT	AMOUNT(€)
Restoration of the access platform to the mineral loading platform ("English Cable" structure)	1,094,068.14
Zoning, repairs and upgrading of landing area and anchorage (Fishing Port)	875,221.97
Reconditioning of esplanade generated by filling of "the Pool"	256,629.23
Relocation of three lighting towers, Pechina Quay	149,993.76
Construction project for heavy vehicle parking, Pechina Quay esplanade	308,709.08
Dust-control barriers, Port of Carboneras	547,456.95
Enclosure fencing, Pescadería area	28,176.34
Security Forces Facilities Building, Port of Almería	28,999.25

ALMERÍA

2.1 GENERAL CONDITIONS

2.1.1 Situation

Longitude	2° 28' W
Latitude	36° 50' N

2.1.2 Wind regimen

Prevailing	S.W. Direction
Dominant	S.W. Direction

2.1.3 Deep water storm regimen or theoretical storm

Long	250 (Km.)
Maximum wave height (2h=hs)	4.75 m
Maximum wave length (2L)	195.3 m
Next waves	2.40 m

2.1.4 Tides

Maximum tidal range	0.63 m
Maximum low tide level compared with port zero	0.00 m
Maximum high tide level compared with port zero	0.63 m

2.1.5 Entry

2.1.5.1 ENTRY CHANNEL

Orientation	S.E.
Width	200 m
Length	498 m
Low tide depth	13 m
Seabed type	Sand

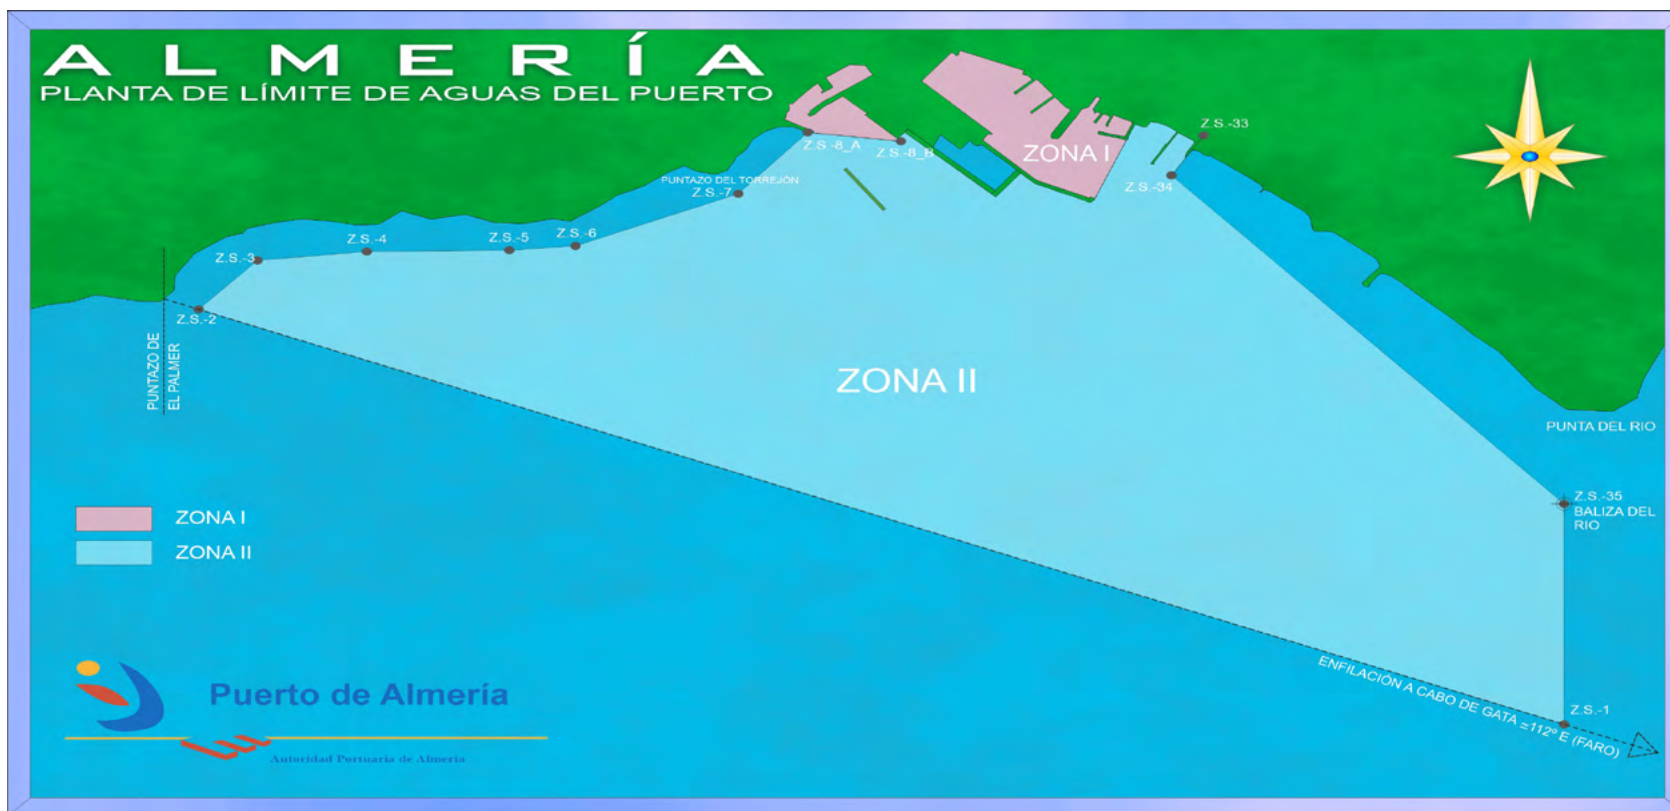

2.1.5.2 MOUTH

Orientation	S.E.
Width	300 m
Low tide depth	13 m
Maximum controlled current	No substantial

An aerial photograph of a port terminal. A large blue and white gantry crane is positioned over a ship's hold, lifting a red shipping container. The ship's deck is filled with stacks of red, yellow, and blue containers. On the pier, more stacks of containers are visible, along with a few workers in high-visibility vests. The background shows more stacks of containers and the edge of the port area.

6.2 BRIEF DESCRIPTION OF MAIN WORKS

PORT OF ALMERIA

ZONING, REPAIRS AND UPGRADING THE SAFETY OF THE LANDING AREA AND ANCHORAGE FOR SMALL FISHING BOATS IN THE PORT OF ALMERÍA

The Almería Port Authority, as part of a programme of zoning actions for the assimilation of the fishing port, is carrying out repairs to the anchorage for small local craft and mooring area for other vessels that come to sell at the Almería harbour market.

This involves the reconstruction of the current irregular waterfront with a 240 metre long enclosing breakwater, and two floating pontoon docks with capacity for 40 moorings of 3.00 x 5.00 metres.

A subsidy has been applied for under the Andalusia Regional Govern-

ment Ministry of Agriculture, Fisheries and Rural Development Decree, of 29 October 2018, for the concession of the grants envisaged.

REHABILITATION OF MINERAL LOADING DOCK (“English Cable” structure)

As the owner of this cultural asset, the Almería Port Authority is responsible for its maintenance and conservation, among other things. The Port Authority has decided to initiate procedures for the restoration of this access system. The quay section has already been structurally restored, and urgent action is therefore required to conserve and enhance the land area for future actions within the City-Port framework.

ZONING AND RECONDITIONING OF PECHINA QUAY ESPLANADE

As part of the works included in the Port of Almería Poniente Development project, Phase 2, "the Pool" at the Pechina Quay has been gradually filled, with the consequent generation of new surface area. To date, the area of the esplanade generated is about 15,000 m².

The esplanade must now be reconditioned by levelling and the execution of a resurfacing package suitable for the new use.

ZONING OF HEAVY TRAFFIC PARKING AREA

The Port of Almería intends to have an enclosed, monitored space dedicated to the concentration of heavy vehicles (semi-trailers and full trailers) that currently operate in the port. This will involve the reconditioning of the Pechina Quay esplanade with a resurfacing package suitable for the use, and the creation of an enclosure and access points.

RELOCATION AND ENERGY EFFICIENCY UPGRADING OF ENERGY EFFICIENCY OF THE THREE PECHINA QUAY LIGHTING TOWERS

In order to improve lighting and security in the circulation area of the dry bulk handling machinery (belts, shovels and lorries) on the Pechina Quay esplanade, the lighting towers have been replaced by sodium vapour projectors with LED technology.

PORT OF CARBONERAS

MINIMISATION OF ENVIRONMENTAL IMPACT. DUST- CONTROL BARRIERS, PORT OF CARBONERAS

At the Port of Carboneras, dry bulk handling is carried out in the open air on the Ribera I Quay. The volume of dry bulk gathered and loaded is increasing considerably and is predicted to continue to do so.

Dust-control barriers will need to be installed to minimise the impact of these activities on susceptible areas. The 250 linear metres of barrier, 10 metres high, will include a water feed to a system of nebulisers situated two metres above the dust-control mesh.

An aerial photograph of a lighthouse situated on a rocky, sparsely vegetated island. The lighthouse is a white, cylindrical tower with a green lantern room, surrounded by a white building with a green roof. A small, white, rectangular structure is visible to the right of the lighthouse. The island is surrounded by dark, rocky water. A large, semi-transparent blue circle is overlaid in the top right corner of the image.
